

# Stucco Plus®

DS229

## A Quality One-Coat Stucco Enhanced With a Superior Decorative Finish

### Description

Stucco Plus is a factory-prepared mixture of Portland cement, high quality graded sand, glass fibers and other admixtures. Stucco Plus is available in a sanded version or as a concentrate which is mixed with clean graded plaster sand at the site.

Stucco Plus utilizes technology that is far superior to ordinary stucco, minimizing the effects of weather and water.

Ideal for residential applications, Stucco Plus applies smoothly, evenly and easily to speed application time. A typical Stucco Plus project can be completed in one day.

With its special reinforcing fibers, Stucco Plus is quick-setting and strong; and when topped off with one of Dryvit's superior decorative finishes, it produces the best one-two combination on the market.

### Consider a Superior Dryvit Finish Rather than Paint

Why? For longevity, Dryvit finishes are integrally colored for years of satisfaction unlike paint, which requires redoing every few years.

### Your Choice of These Quality Dryvit Finishes

Dryvit Weatherlastic™ Finishes  
Elastomeric in character, Weatherlastic finishes will bridge hairline cracks and maintain the integrity of the wall. Dryvit's Weatherlastic finishes the premier choice to top off Stucco Plus. These finishes are Dirt Pickup Resistant and 100% acrylic.

### Dryvit Standard DPR Finishes

Used on hundreds of thousands of building worldwide, known for their toughness and respected for their Dirt Pickup Resistant characteristics. This is our standard and highly regarded 100% acrylic finish used on thousands of deluxe residences nationwide.

### Dryvit StucCoat™ Finishes

A quartz aggregate finish designed specifically for cement-rich base coats. StucCoat is a high quality acrylic copolymer finish and is integrally colored.

### Your Choice of Textures and Colors

Each of the three quality Dryvit finishes used with Stucco Plus are available in a wide range of interesting and pleasing textures. In addition, your color choice is wide. Choose from our many standard colors or ask us to custom make a color for you to meet your exact specifications.
